

CAFE SORTING STATION WITH FOOD SCRAPS!

1 Liquids Bucket

No Liner - Students pour out liquids so containers can be recycled!

Best Practices:

- Raise the bucket to help prevent spills!

2 Recycle Bin

Clear Liner - Cartons & bottles are collected right after liquids.

Best Practices:

- Recyclables should be EMPTY (no food or liquid remaining)

3 Landfill Bin

Black Liner - Students empty trash before they get to the food scrap bin.

Best Practices:

- Squishy, flimsy plastic & sporks go in the trash

4 Compost

NO Liner* - Empty food before stacking trays
*Plastic liners not allowed

Best Practices:

- Tap trays GENTLY against inside of the bin to prevent spills

5 Stack Trays

Use Table or Cart - Kids neatly stack trays to save space in recycle bin

Best Practices:

- Stack trays like a puzzle & push down on the stack
