

PACIFIC VIEW LEADERSHIP ELEMENTARY

Most Improved Winner! - All SDUSD Schools

Pacific View Leadership Elementary Campus Sustainability

- An after school Recycling Club was started this year, where students learn about taking care of the earth and why recycling is good for the environment.
- Recycling Club members make special signage to inform students about waste reduction and recycling on campus.
- Each classroom has a Green Team job assignment where students empty their classroom recycle bins into larger recycling bins located in hallways.
- Each week, Recycle Club students bring the large rolling bins to the recycling dumpster location to be emptied by the BSS (Building Services Supervisor).

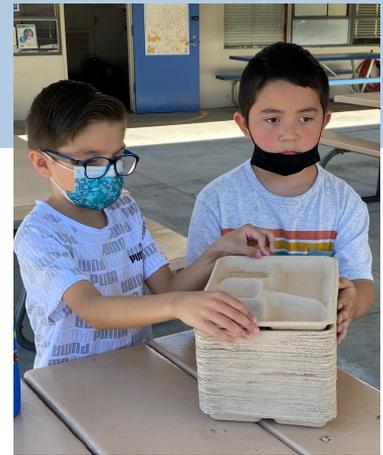

STATS:

Waste Diversion: 50% - Up from 40% at the beginning of the school year

of Students: 238

Trash Generated per Student/Month: 5.78 cubic ft.

- During lunch, students stack trays for recycling and collect unopened food from the cafeteria. This packaged food can be wiped down and made available for another meal service.
- A milk carton recycling program is in the works!
